

VISHAD AMAN

Senior Product Designer / UX Engineer

New Delhi, INDIA — (+91) 809-542-3634 — Vishadaman@outlook.com

[LinkedIn](#) | [Github](#) | [Figma](#) | [Portfolio](#)

Senior Product Designer & UX Engineer with 6 plus years of experience designing and shipping B2B SaaS and AI-powered platforms from 0 to 1. Strong at bridging product thinking with scalable frontend architecture. Led design systems, improved accessibility (WCAG), and increased development velocity through robust component libraries and AI-assisted workflows.

TECHNICAL SKILLS

Design:

Design Systems, User Research, UX Audits, Usability Testing & A/B Testing, Wireframing & Prototyping (Low & High Fidelity), Interaction Design, Information Architecture, Accessibility (WCAG 2.1, ARIA), Product Strategy, Typography.

Engineering:

React.js, Next.js, TypeScript, Javascript, State Management, Tailwind CSS, HTML5, CSS3, SCSS, EJS, API Integration, Performance Optimisation.

AI & Tools:

AI-Assisted Workflows (Cursor, Copilot, Replit AI), Storybook, PostHog (Feature Flag), Jira, ClickUp, Linear, Agile / Scrum.

WORK EXPERIENCE

Anaptyss (M&T Bank) — Lead UI/UX Designer

April 2026 - Present

- Designed enterprise BI dashboards for M&T Bank (Power BI & Tableau) using Figma and Curator.

OVE (Apate AI) — Senior Software Engineer (UI/UX)

June 2025 - Nov 2025

- Led **end-to-end** design and development of data-heavy **B2B dashboards** from research to production (**Figma/React/Next.js**).
- Architected scalable, accessible (**WCAG-compliant**) frontend systems with RBAC-protected flows.
- Built **Design System** & Component Library using figma and storybook.
- Conducted user research and usability testing to optimise multi-step workflows and onboarding journeys.
- Led **Metabase SDK** integrations and dashboard optimization, partnering with data and AI/ML teams to resolve analytics issues and onboard enterprise clients like TGP, CBA, and Vodafone.

Wobot AI — Senior Frontend Developer I

Nov 2020 – May 2025

- Redesigned complex **SaaS** analytics dashboards used by enterprise customers, improving usability and information architecture.
- Led UI/UX initiatives across multi-module **B2B products** including onboarding and operational monitoring systems.
- Built and scaled a shared Design System & **Component Library**, increasing team velocity by ~25%.
- Improved accessibility standards (**WCAG 2.1**), enabling stronger enterprise adoption.
- Collaborated closely with PMs and leadership to iterate using product analytics and user feedback.
- Mentored junior designers and engineers on UI quality and scalable design-to-dev workflows.

Morra Games — UI/UX Designer

Apr 2020 – Nov 2020

- Designed immersive **mobile/web interfaces** and performance dashboards.
- Delivered **high-fidelity** UI design using **Adobe XD** and Creative Suite.

Slidesigma India — UX Engineer

Apr 2019 – Mar 2020

- Founding team member delivering **20+ web** projects end-to-end from design to development for envato platform.
- Led **UX strategy, wireframing, prototyping**, and frontend implementation.

Codilar — UI Developer

Sept 2018 – Dec 2018

- Built high-performance **eCommerce UIs** on **Magento** with strong mobile optimization.
- Ensured pixel-perfect brand consistency across storefront experiences.

EDUCATION

Interaction Design Foundation — UI/UX Design & Design Systems

2024

IBM — Enterprise Design Thinking Practitioner

2024

Bangalore University — BCA, Computer Science

2014 - 2017
